About Department

The PG Department of Odia, Govt. Science College, Chatrapur hosts Honours and PG programs where the total student intake capacity is 48 and 32 respectively. Every 3-year degree course is examined under semester system where 2 semesters constitute one academic year. During the course the students are examined under 6 semesters. Introduced in 1994, as an extension to the Odia department, PG Odia department has evolved over the years as a stature of propagating Odia language within the youth. In PG courses there are a total of 4 semesters for 2 years. The course curriculum is designed according to CBCS guidelines and is affiliated to Berhampur University. Admission to UG courses is conducted by SAMS portal designed by Govt. of Odisha. The classes are held in offline mode. 75% percentage of attendance has been made mandatory for students to be eligible to appear in end term examinations. In case of nonfulfillment of attendance criteria, college administration informs the guardian through parent teacher meetings. As per the recent amendments in the education system in accordance with NEP, attendance, field work, internships, community engagement, surprise tests, home assignments and quiz competitions are mandatory and rewarding. Moreover, multi-disciplinary and vocational courses have been included in the curriculum.
